2. Without prejudice to any review of the existing guidelines, all institutions are to comply with the following essential requirements for accessing the 2025 intervention funds:

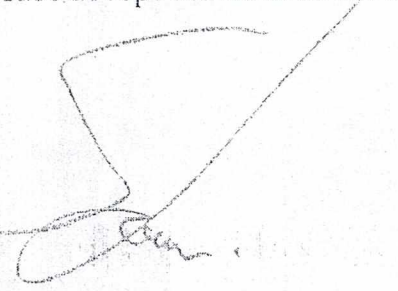

All correspondence should be addressed to the Executive Secretary

- i. Proposals for accessing the funds shall be purely of academic relevance, addressing deficiencies in core areas of teaching and learning facilities and resources, building capacities, supporting research and scholarly publications for each of the intervention subheads as listed under the 2025 allocation;
 - ii. *The Physical Infrastructure/programme upgrade allocation for 2025 shall be for the upgrade and rehabilitation of essential, critical infrastructure in your institutions. These shall include existing student hostels, laboratories, lecture theatres and classrooms, auditoriums, office buildings, Engineering and other workshops, and other dilapidated structures required for academic activities. In that regard, there will be no new projects for the Year 2025 intervention allocation for infrastructure;*
 - iii. The above notwithstanding, newly established institutions and those without such existing facilities may submit proposals to meet their critical facility needs;
 - iv. Projects should be prioritized within the approved allocation to your institution and be submitted to the Fund for reconciliation before Approval-in-Principle (AIP) is granted;
 - v. Observance of due process at all stages is mandatory to access the allocated funds. Beneficiary Institutions are encouraged to adopt the open bid procurement process for the engagement of vendors and ensure that all necessary statutory approvals are gotten from relevant bodies;
 - vi. Wide consultations should be made within the academic community before project proposals are submitted to the Fund for reconciliation. Institutions are advised to have a broad based Committee on TETFund interventions to handle proposals, and in-situ implementation, supervision and monitoring of projects;
 - vii. Concurrent utilization of allocations is not allowed, except in cases where the merger of un-accessed allocations are granted by the Fund to enable beneficiaries fast track the utilization of outstanding allocations; otherwise, all on-going intervention projects should be concluded before accessing subsequent allocations;
 - viii. The Fund will not admit project proposals designed for implementation in endless phases. All project proposals should be conceived and implemented in a single phase for use.
3. For the purpose of ensuring accountability, Heads of Institution will be held liable for any information provided or withheld, funds misapplied, breach of the Public Procurement Act 2007 and any other relevant extant rules and regulations in the course of the projects implementation.

All correspondence should be addressed to the Executive Secretary

4. Details of the mode of disbursement of funds and other criteria for eligibility for the different intervention lines can be accessed on the TETFund website - www.tetfund.gov.ng.

Please accept the assurances of my best regards.
